Subject: RE: Next Town Council Agenda

I would rather see it listed on the agenda. Tom

Tom Babcock, Councilman, Town of Fort Myers Beach

Council Member Babcock,

This seems to be an item that could easily be addressed under the Council Items section of our regular agenda. Are you okay with that approach or are you more comfortable with a discussion during a work session?

Best regards,
Terry

Terry,
Town Council needs to discuss Recognition Awards for Contributions to the Town. Would you prefer to discuss it during the regular meeting or the work session on September 7th? Tom

Subject: Recognition

Terry,

Recognition is a great thing. Unfortunately, we can be punished when a group or individual feels they have not been recognized like others. Dr. Slavins' golf tournament was neither the first or largest donation that has been made to the town since plaques have been used to recognize contributors. The Friends of the Mound House have donated a total of \$20,000 over the last year. The most recent contribution was for \$10,000. If our plaque system was not in place when their last donation was made, it was very close. It was given on Herb's last day on Council and was done partly to honor him and his support of CELCAB. They are currently working hard to make additional donations. It would seem appropriate to award a platinum plaque for their continued support of the Town. Theresa should be aware of their efforts and could provide input. I believe that Carrie Hill is currently the president of Friends of the Mound House. Although belated, please consider recognizing them with a platinum plaque.

Thanks. Tom
